LORD KITCHENOR WILL SUCCEED THE DUKE CONNOUGHT

YOUNGEST FIELD MARSHAL IN
THE HISTORY OF
ENGLAND.

(By Associated Press.)

LONDON, Aug. 6.—Lord Kitchenor, commander of the British forces in India, has been appointed to succeed the Duke of Connaught as inspector general of the Mediterranean forces, which post the duke recently resigned on the ground of "the ineffective nature of the work and the useless expense to the nation involved therein." Kitchenor will take the rank of field marshal and also become a member of the committee on imperial defense. The inspector general has command at Malta and Gibraltar of all the British troops in Egypt, the Sudan and Cyprus. Kitchenor, who is just past 59 years of age, is the youngest field marshal in the history of Great Britain.

CONGRESSMEN PARTICIPATE IN STREET FIGHT

(By Associated Press.)

WASHINGTON, Aug. 6.—Representative J. Hefflin of Alabama became involved in a personal encounter with an automobilist named Johnson here today.

Mr. Hefflin and Representative Ollie James of Kentucky were crossing F street together when an automobile whizzed by them. Mr. James says the driver was handling the machine carelessly and was exceeding the speed limit, very nearly running them down. When the car stopped, some distance up the street the two congressmen followed, taking the car's number. Observing this action, the automobilist then followed and halted the congressmen inquiring why they had taken his number and asking their names. The congressmen said they intended to report him for fast and reckless driving and told him who they were. Denying their allegation the driver is said to have made some remark that was distasteful to Mr. Hefflin, whose rejoinder was sharp and to the point.

The congressmen then moved away but the automobilist, it is alleged, followed them demanding that Mr. Hefflin withdraw his statement. Then the men fought. Few blows were struck. Mr. James and Mr. Hefflin's colleague, Mr. Clayton, who had come along, separated the combatants before any harm had been done.

OSWALD STILL ON THE STAND IN BRIBERY CASE

(By Associated Press.)

LOS ANGELES, Aug. 6.—After ruling this morning that the testimony regarding the payment of money to former Chief of Police Edward Kern, after July, 1908, was not admissible in the trial of former Chief of Police Thomas Broadhead, Judge Davis reversed his decision this afternoon and admitted the evidence. Nick Oswald gave the testimony in question. He testified he paid Kern money in July, 1908, with the understanding that portions of it were to go to Harper. The checks alleged to be paid by Oswald were admitted in evidence. The prosecution will attempt to prove that a conspiracy existed between Harper, Kern, Broadhead and others. Oswald, earlier in the day, testified in regard to the payment of \$1000 to Broadhead.

UNDER AUTOMOBILE

(By Associated Press.)

CHICAGO, Aug. 6.—"I hope it is not my Bobbie," cried Mrs. A. E. Bruce while a boy was being taken from under a street car that had run over him in front of her home last night. A moment later the excited crowd around the car parted and she looked upon the face of her 6-year-old son.

She had run into the street after her husband, who had hurried to the house for a candle to find the boy under the car, not knowing that it was his own son. The boy was hurried to a hospital, where he died.

Jeffries and his wife will go directly to Carlsbad, where they will remain for a few days. The big Californian has been troubled recently with boils and hopes the waters of Carlsbad will aid him.

TOKIO, Aug. 6.—In a communication issued today, Japan officially informed the powers of her intention to proceed immediately with the reconstruction and improvement of the Antung-Mukden railroad without the consent of China, diplomatic negotiations having failed to overcome the opposition of that country to the commencement of work which Japan believes to be within her rights under the treaty of 1905.

The note outlines the entire course of the negotiations in relation to the improvement of the railroad up to the present time; declares that throughout the discussion China obstructed and evaded the just and reasonable demands of Japan, and raised collateral questions regarding the police authority and other matters, thus delaying a settlement. China's reply is mentioned. The note declares that Japan's rights under the treaty of 1905 were disregarded and that the provisions of the treaty were nullified thereby. It is charged that China raised immaterial issues, declaring in her reply "that the work of improvement on the Antung-Mukden railroad must be confined to the existing track and that broadening the gauge cannot be permitted."

Communication concludes with the statement that since June 24, when the reply was received, Japan has endeavored to induce China to reconsider the decision to recede from her untenable position, but that the Chinese government has maintained an unyielding, uncompromising attitude. The final paragraph of the note contains Japan's ultimatum which follows: "In this situation the imperial government is compelled to take independent action and proceed to carry out the necessary works of reconstruction and improvement according to its treaty rights."

The proposed work of improvement will commence at once.
